## Country Ham

*The taste of Pigman's famous country ham will send your tastebuds back in time, before refrigeration, when the only way to preserve meat was to cure it with salt. Pigman's gets salt-cured hams that have been aged for months, soaks them overnight to release some of the salt, and then smokes the meat to perfection. We then de-bone the ham and seal it back up. We slice it paper-thin for our ham rolls or as thick as you like by the pound. Whatever your preference, you'll be tasting a bit of history with every bite.*
